Re: Support for SUNDOWN INC., NATURE PRESERVE — Mobile Vet Van

My name is _____, I am a [farmer/rancher _____
Pet parent _____ in _____, LA.

I just learned about SUNDOWN INC., NATURE PRESERVE and their plan for a mobile veterinary van for farm animals and pet parents who either can't travel to a stationary clinic or prefer not to.

Now that I know about this venture, I fully support it. Our area needs a mobile vet clinic right away.

I plan to call them for future services for my farm and/or pet companion provided they get the grant and have the van. The van would help me get the care my farm animals /pets need without the added stress of having to haul them across town to a stationary clinic.

Sincerely,
